a) Details of the companies taking part in the separation

The separating company is Indra Sistemas, S.A., a Spanish limited company with registered office at Avenida de Bruselas 35, 28108 Alcobendas (Madrid), Tax Code (NIF) A-28599033, entered at Madrid Company Registry in Volume 865, Sheet 28, Page M-11.339, Entry No. 1.

The beneficiary company is a newly-created limited liability company that will be incorporated during the same operation in which the deed recording the separation is executed. The beneficiary company will be known as “Indra Espacio S.L.U.”, and it will have its registered office at Avenida de Bruselas 35, 28108 Alcobendas (Madrid).

b) Proposed separation and suggested timetable

Under the terms of the separation, Indra Sistemas, S.A. (demerging company) will split off some of its assets and liabilities that constitute an autonomous economic unit, comprising all the assets, liabilities, rights, obligations and human and material resources attached to its Space Business, to the benefit of Indra Espacio S.L.U. (the newly created beneficiary company).

The “Space Business” comprises the set of activities that make up Indra Sistemas S.A.’s current space business unit, the main purpose of which is the design manufacture, launch and operation of satellites and the research, development and innovation of systems relating to all of these activities that permit the completion of every phase of a space mission. The Space Business comprises four main lines of activity: (i) Control, Observation and Monitoring of Space; (ii) Navigation; (iii) Observation of the Earth; and (iv) Design and Construction of Satellite Constellations.

Included in the demerger project as Appendix III is a provisional timetable showing the estimated dates for the demerger operation. According to this provisional timetable, it is planned that the deed recording the demerger and incorporation of the beneficiary company will be filed for registration at Madrid Mercantile Registry around 1 July 2024.

c) Description of the assets and liabilities being demerged

The demerged assets and liabilities comprise all of the Indra Sistemas, S.A. assets and liabilities that are linked to its Space Business economic unit, including all the assets and liabilities attached to the Space Business (as this is defined in the preceding section), together with the rights and obligations and contractual and employment relationships associated with this business.

Notwithstanding the foregoing, for the purposes of complying with Article 64.2 of RLD 5/2023, the Indra Sistemas, S.A. assets and liabilities that are included within the terms of the demerger and that make up the demerger are listed in Appendix V of the demerger project.

In any case, any assets and liabilities that are attached to the Space Business and that are not included in the demerger project in the aforementioned Appendix V due to error, or because they cannot be identified, or because they are not known on the date on which the demerger project is signed, or because they unexpectedly become known, should be understood to have been transferred to the beneficiary company.

The total value of the assets and liabilities that make up the demerged business is as follows: (i) total assets: €54,828,434.79; and (ii) total liabilities: €26,785,132.11. As a consequence, the net value of the demerged business amounts to €28,043,302.68, which corresponds with the sum of the share capital and issue premium with which the company benefitting from the demerger is to be formed.

d) incorporation of the company that is to be the beneficiary of the demerger.  
Proposed deed and bylaws of the newly created beneficiary company

The company that is to be the beneficiary of the demerger will be a newly-created limited liability company that will be incorporated during the same operation in which the deed recording the demerger is executed.

The proposed demerger deed under which the beneficiary company will be incorporated, and the proposed bylaws by which the beneficiary company will be governed, are attached to the demerger project as Appendix I and Appendix II respectively.

The beneficiary company's initial share capital will amount to €845,000.00 represented by 845,000 company shares, all of them equal, accumulable and indivisible and each of them with a par value of €1, numbered consecutively from 1 to 845,000 inclusive. The beneficiary company will also be incorporated with a total issue premium of €27,198,302.68, which amounts to approximately €32.18734 per share. Therefore, the total value of the share capital and issue premium will amount to €28,043,302.68, which corresponds with the value of the demerged business indicated in the preceding section.

The par value of the shares into which the initial share capital of the beneficiary company is to be divided will be fully paid up, together with the issue premium, as a consequence of the transfer of the demerged business to the beneficiary company by means of the demerger operation.

Under the terms of Articles 71.2.2 and 53.1.2 of RLD 5/2023, there is no requirement for the demerged assets and liabilities that are to serve as countervalue to the beneficiary company's share capital at the time of its incorporation to be valued by an independent expert, bearing in mind that this is a limited liability company that is wholly owned by the demerging company.

e) Distribution of shares in the company that is to be the beneficiary of the demerger

The company shares representing the initial share capital with which the company benefitting from the demerger will be incorporated will be allocated in their entirety to Indra Sistemas, S.A. (demerging company).

As a consequence, there will be no swap or distribution of the shares in the company that is to be the beneficiary of the demerger among the shareholders of the demerging company.

f) Rights to be granted in the beneficiary company to the holders of special rights or securities other than shares, or measures that may affect them

There are no shareholders with special rights or securities or titles other than shares at Indra Sistemas, S.A. to whom any kind of right is to be granted.

g) Implications of the demerger for creditors and guarantees offered

As a consequence of the demerger, Indra Sistemas, S.A. will transfer the demerged assets and liabilities en bloc to the beneficiary company by means of universal succession and, as a result, any Indra Sistemas, S.A. creditors who hold credits relating to the activities and other items that form the demerged assets and liabilities will become creditors of the beneficiary company and the holders of rights vis-à-vis the beneficiary company, in identical terms, following the demerger.

No personal or *in rem* guarantees are offered to creditors of Indra Sistemas, S.A., though this is without prejudice to the rights to which creditors are entitled under Articles 13, 14, 70 and related articles of RLD 5/2023.

h) Special advantages afforded to the members of the administrative, management, oversight and monitoring bodies of the companies taking part in the demerger

No specific advantage or privilege will be afforded to the members of the administrative bodies or any other member of the management, oversight or monitoring bodies at Indra Sistemas, S.A., or to those who are appointed at the beneficiary company.

i) Details of the cash payment offered to shareholders who have a right to dispose of their shares

Indra Sistemas, S.A.'s shareholders do not have the right to dispose of their shares as a consequence of the proposed demerger. As a result, the offer of any kind of cash payment does not apply.

j) Probable consequences of the demerger for the workforce

Pursuant to the contents of Article 44 of the Spanish Workers' Statute, the beneficiary company will subrogate to the employment rights and obligations of Indra Sistemas, S.A. with regard to the employees attached to the autonomous economic production unit formed from the demerged assets and liabilities.

k) Effect of the demerger on industry contributions or the provision of ancillary services

Indra Sistemas, S.A. does not benefit from any industry contributions or actions that involve ancillary services. It is therefore not required to grant any rights or offer compensation in this regard.

l) Date for accounting purposes

The date from which the demerger will take effect for accounting purposes, which has been determined in accordance with the rules governing registration and valuation in the Spanish General Chart of Accounts, will be 1 January 2024.

m) Compliance with tax and Social Security obligations

Appendix VI of the demerger project contains a copy of the certificates issued by the Tax Authorities and the Social Security Treasury Department that show that Indra Sistemas, S.A. is up-to-date in its compliance with all of its tax and Social Security obligations, and the contents of these certificates are understood to have been reproduced here for all the relevant purposes.

n) Tax rules

The demerger is being carried out in the terms provided for in the special tax rules set out in Chapter VII of Title VII of Spanish Company Tax Act 27 of 27 November 2014.

Notwithstanding the foregoing, it is herein recorded that, in application of the simplified demerger procedure provided for in Article 71 and Article 53 of RLD 5/2023, with reference to the contents of Article 63 and 56, it is not necessary for the demerger project to include any references to (a) the exchange value and the procedures for handing over company shares in the beneficiary company to the shareholders of the demerged company; (b) the date of participation in the corporate profits of the beneficiary company or any singular circumstances relating to this right; (c) information on the valuation of the assets and liabilities of the business being transferred to the beneficiary company, notwithstanding the fact that the demerger project does contain this valuation for the purposes of Article

64.2 of RLD 5/2023; and (d) the date of the demerged company's accounts used to establish the conditions in which the demerger is to be made, pursuant to the contents of Article 53.1.1 of RLD 5/2023.

With a view to ensuring that the Company can provide this documentation as quickly as possible, it is recommended that shareholders wishing to obtain a copy of all or some of the documents listed above send their request by e-mail to [accionistas@indracompany.com](mailto:accionistas@indracompany.com), or use the forms provided for this purpose on the Company's corporate website ([www.indracompany.com](http://www.indracompany.com)).

### 1. Proxy through remote means of communication

Shareholders who do not attend the General Meeting may delegate their proxy to another person, who need not be a shareholder, by any of the means indicated below.

The designated proxy attending the General Meeting must prove his or her identity in the same manner as that required of the shareholders in attendance. The proxy may only exercise representation and vote by attending the General Meeting.

Any delegation or representation that does not contain the actual name of the person to whom it is delegated, or that is conferred generically to the Board of Directors, shall be understood to be conferred in favour of the Secretary of the General Meeting.

Unless the shareholder indicates otherwise, the delegation conferred extends to proposals for resolutions other than those formulated by the Board and to matters which, although not appearing on the agenda of the meeting, may be submitted to a vote at the General Meeting, as permitted by law.

For the purposes of the provisions set out in Articles 523 and 526 of the Spanish Companies Act, it is hereby stated that if the proxy is a director of the Company, he/she may be in a situation of conflict of interest in relation to items four, five (if his/her appointment and re-election is submitted to the General Meeting under this item), eight and ten on the agenda; and if he/she is the Chief Executive Officer or the Executive Director and IT managing director, he/she may also be in a situation of conflict of interest with item seven; he/she may also be in a situation of conflict of interest with regard to proposed resolutions other than those formulated by the Board and matters which, although not appearing on the meeting's agenda, may be submitted to a vote at the General Shareholders' Meeting as permitted by law.

In all cases of delegation in favour of the Secretary of the General Meeting or a member of the Board of Directors in which the proxy card does not include express instructions to vote against or abstain, it shall be understood for all purposes that the person represented has given precise instructions to vote in favour of all the proposals for resolutions formulated by the Board of Directors in each item on the agenda.

In the event that the proxy extends to proposals for resolutions other than those of the Board or to matters not included on the agenda as indicated above, if the proxy is granted to the Secretary of the General Meeting or to a member of the Board of Directors and the proxy card does not include express instructions to vote in favour or abstain in these

cases, it shall be understood for all purposes that the proxy has given precise instructions to vote against such proposals.

#### 1.1. Postal delivery or correspondence

The proxy shall be granted by filling in the section included for this purpose on the attendance, proxy or voting card provided by the deposit entity to the shareholder or on the proxy card that the Company makes available to the shareholders on its corporate website ([www.indracompany.com](http://www.indracompany.com)) in the section relating to the General Shareholders' Meeting. The duly completed and signed card must be sent by post or delivered by hand to the registered office (Oficina del Accionista, Av. de Bruselas 35, Alcobendas 28108, Madrid).

No more than one representative may attend the General Meeting, who must be notified of his or her appointment and, where applicable, voting instructions. In the event that the attendance, proxy or voting cards issued by the deposit entities do not provide an individual breakdown of each of the proposals, shareholders may record their separate and individual vote for each proposal on the card itself or on the card that the Company has made available to its shareholders as of the date of the notice convening the General Meeting on its website ([www.indracompany.com](http://www.indracompany.com)). Otherwise, it shall be understood that the way in which the vote is cast refers to the entirety of the proposed resolutions contained in item five on the agenda.

The duly completed and signed card must be sent by post or delivered by hand to the registered office (Oficina del Accionista, Av. de Bruselas 35, Alcobendas 28108, Madrid).

In the event that the voting direction is not indicated on the card, it shall be understood that the shareholder votes in favour of the proposals for resolutions made by the Board of Directors in each item on the Agenda published in the notice convening the meeting.

### 2.2. Electronic communications via the "Participation Platform"

Votes may be cast electronically via the "Participation Platform", which will be provided for this purpose on the Company's corporate website ([www.indracompany.com](http://www.indracompany.com)) in the section on the General Shareholders' Meeting, and which will become active from the date on which the notice convening the General Meeting is published.

Confirmation of this status will be sent by email to the address provided for this purpose during the registration process, and from that moment on the shareholder will be able to cast his/her vote.

Access by Registered Users to the system will at all times be conditional upon their maintaining the status of shareholder.

A detailed explanation of the procedure to be followed by the shareholder to exercise this right can be found on the Platform under the option "Proxies and remote voting".

### 3. Common rules to the exercise of proxy and voting rights by remote means of communication

#### 3.1. Data verification

The Company reserves the right to check the information provided by each shareholder against the information provided by Iberclear, the entity in charge of the accounting registration of the Company's shares. In the event of any conflict between the number of shares notified by the shareholder issuing their proxy vote or vote by electronic communication or by means of the attendance, proxy or voting card (whether this is a card issued by a deposit entity or a card made available by the Company on the corporate website [www.indracompany.com](http://www.indracompany.com)) and the number of shares recorded in the registry entries notified by Iberclear, only the number of shares recorded in the Iberclear Register shall be deemed valid for quorum and voting purposes.

#### 3.2. Legal persons

Where shareholders are legal persons, the Company reserves the right to require evidence of the sufficiency and validity of the power of attorney of the private individual acting on behalf of the shareholder. ### 3.4. Revocation and priority

- (i) Proxies and the exercise of voting rights cast by remote means of communication are always revocable, and must be expressly revoked by the same means used to cast them, within the period established for such casting.
- (ii) The attendance of shareholders at the General Meeting, as well as attendance resulting from a vote cast remotely prior to the holding of the General Meeting, implies the revocation of any proxy, irrespective of the date and form of the proxy.
- (iii) The attendance of the shareholder at the General Meeting entails the revocation of the vote cast by remote means of communication.
- (iv) The casting of votes and the granting of proxies by electronic means shall, in any event, prevail over votes cast by the same shareholder by delivery or postal correspondence.

### 3.5. Responsibility for the safekeeping of the electronic certificate and signature creation devices

- (i) Shareholders are solely responsible for the diligent use of their electronic ID and electronic signature creation data, as well as the safekeeping of the electronic certificate for the exercise of their proxy or remote voting rights by electronic means.
- (ii) It is for the shareholder using the electronic signature to prove that the electronic certificate used has not been revoked or suspended or otherwise expired or rendered unusable at the time of generating the electronic signature.

## 4. Remote link attendance

Notwithstanding the provisions of the preceding paragraphs and in accordance with the provisions of article 14 of the Bylaws and 7 *bis* of the Regulations of the General Meeting, the Board of Directors has agreed that attendance at the General Meeting may also be by remote link that allows real-time connection with the venue where the General Meeting is held ("remote link attendance").

Shareholders who wish to attend the Meeting remotely may do so via the "Participation Platform", which will be activated on the Company's corporate website ([www.indracompany.com](http://www.indracompany.com)), in the section relating to the General Shareholders' Meeting, where shareholders must have previously registered as Registered Users, providing evidence of both their identity and their status as shareholder by completing the relevant registration form, pursuant to the Terms and Conditions published on the Company's website.

Shareholders will prove their identity by means of a valid electronic ID card or recognised electronic certificate issued by the Spanish National Mint (Fábrica Nacional de la Moneda y Timbre - FNMT), on which there is no record of its revocation.

Once they have completed the registration process and proved their identity and status as a Company shareholder in one of the foregoing ways, they will be granted authorised access to the system and entered as a Registered User. In order to access the Platform, users must enter their email address and the password provided during the registration process.

Instructions for using the Platform can also be found on the Platform itself. Remote link attendance will be possible from any device with Internet access. Physical attendance at the General Meeting shall render electronic attendance by the shareholder (or his/her proxy) ineffective.

#### 4.1. Pre-registration

In order to be able to attend the General Meeting via remote link, in addition to registering on the “Participation Platform”, shareholders (or their proxies) must register by selecting the “Remote Attendance” option and then clicking on “Request for remote attendance” on the aforementioned “Participation Platform” between 00:00 hours (CEST) on 21 June 2024 and 23:59 hours (CEST) on 25 June 2024.

#### 4.2. Connection and registration on the day of the General Meeting

Shareholders (or their proxies) must access the “Participation Platform” and select the “Remote Attendance” option between 11:30 a.m. and 12:30 p.m. (CEST) on the day of the General Meeting, identifying themselves with their email address and the password provided during the registration process. No registration will be accepted outside this timeframe.

In the event that there is insufficient quorum at first call, the Company will publish this on the corporate website, confirming that the General Meeting will be held at second call. In this case, shareholders (or their proxies) who have connected and registered at first call must complete the registration process again on the day on which the General Meeting is held at second call, in order to be able to attend the meeting.

#### 4.3. Intervention

Shareholders (or their proxies) who, in exercising their right to information, wish to speak at the General Meeting or make proposals for resolutions in the cases permitted by law, must do so from the time of their connection and registration on the day of the General Meeting, attaching their intervention, question or proposal through the intervention procedure set up for this purpose in the “Participation Platform”, under the option “Remote Attendance”.

Interventions may thus be submitted until such time as the Chairman declares the General Meeting to be validly constituted.

Shareholders (or their proxies) who wish their intervention to be recorded in the minutes of the General Meeting must expressly indicate this in the text of the minutes.

Requests for information thus formulated shall be answered during the meeting itself or in writing within seven days following the General Meeting.

#### 4.4. Voting

Voting on the proposals for resolutions included in the Agenda may be carried out through the voting procedure set up for this purpose in the “Participation Platform”, under the option “Remote Attendance”, from the time the shareholder (or his/her proxy) has logged in and registered at the General Meeting in accordance with the procedure set out in section 4.2. above until the end of the intervention period in the room where the General Meeting is held.

Should the shareholder (or his/her proxy) fail to indicate the way he/she wishes to vote, it shall be understood in all cases that he/she votes in favour of the resolutions proposed by the Board of Directors in each item on the agenda.

With regard to proposed resolutions on matters that, as permitted by law, need not appear on the agenda, anyone attending by remote link may cast their votes when the Chairman so indicates following the reading of the proposal. If a shareholder (or his/her proxy) does not indicate the way in which he/she wishes to vote with regard to proposals for resolutions on matters which do not need to be included on the Agenda (where this is permitted in Law), it shall always be understood that they have voted against the proposal in question.

#### 5. Service availability

The Company reserves the right to modify, suspend, cancel or restrict the electronic voting and proxy mechanisms as well as remote link attendance when technical or security reasons so require or impose.

The Company shall not be liable for any damages that may be caused to the shareholder as a result of breakdowns, overloads, downed communication lines, connection failures, technological incompatibility, malfunctioning of the postal service or any other eventuality of the same or a similar nature, beyond the Company's control, which may hinder or prevent the shareholder from granting proxy and casting votes by remote means of communication, or from attending the General Meeting by remote means of communication.

Whenever remote link attendance at the General Meeting is not possible as detailed in section 4 due to technical circumstances not attributable to the Company, or if there is a temporary or permanent interruption of communication during the meeting, this circumstance may not be invoked by the shareholder as an unlawful deprivation of his or her rights.

#### **DATA PROTECTION**

The personal data provided by shareholders or proxy representatives to the Company when exercising their inherent rights as shareholders to information, attendance, proxy-granting and voting at the General Shareholders' Meeting or provided by the banking institutions and securities companies and agencies with which such shareholders have their shares deposited, through Iberclear, as well as the data generated at the General Shareholders' Meeting and any data obtained through the recording thereof (i.e. image and voice) shall be processed by the Company for the purpose of managing the

development, fulfilment and control of the shareholder relationship and, if applicable, of the existing proxy, and the convening, holding, audio-visual recording and public distribution of the General Shareholders' Meeting, as well as in order to comply with its legal obligations.

The processing of your data is necessary for the purposes described and the legitimacy of such processing is based on your relationship as a shareholder and compliance with legal obligations and, with respect to the generation and distribution of images, the legitimate interest of the Company in the distribution of the General Shareholders' Meeting and the consent given by the party concerned when delegating their proxy, voting or attending the General Shareholders' Meeting (in person or remotely).

Please note that the entire proceedings of the General Shareholders' Meeting will be recorded by audio-visual and/or voice recording in order to make it easier for shareholders who cannot or do not wish to attend the meeting to follow it and to distribute it appropriately. Therefore, by accessing the venue where the General Shareholders' Meeting is held or by attending via remote channels, the shareholder or his/her proxy representative expressly consents that his/her image and voice may be processed and distributed using the means made available by the Company, which for these purposes shall be live broadcasting via the Company's website ([www.indracompany.com](http://www.indracompany.com)).

The data will be accessible by the notary who will attend the General Shareholders' Meeting and may be provided to third parties in the exercise of their right to information provided for by law or accessible to the public from any territory, including from outside the European Union, insofar as they are contained in the documentation available on the corporate website ([www.indracompany.com](http://www.indracompany.com)) or are stated at the General Shareholders' Meeting, the development of which may be publicly distributed thereon.

In general terms, personal data will be processed during the shareholding relationship and, once it has ended, during the period of limitation of any legal or contractual liabilities that may arise for the Company. With regard to data processing subject to consent, the data will be processed until the data subject withdraws previously granted consent.

Shareholders are also informed that they may exercise their rights of access, correction, deletion, objection, portability and restriction of processing by sending an e-mail to the following address: [dpo@indra.es](mailto:dpo@indra.es).

Shareholders are also informed of their right to file a complaint or request related to the protection of their personal data with the Spanish Data Protection Agency (*Agencia Española de Protección de Datos*).

Should the attendance, proxy and voting card include personal data relating to individuals other than the holder and in the event that a third party attends the General Meeting as the shareholder's proxy, the shareholder must inform the third party of the above-mentioned points regarding the processing of personal data and comply with any other requirements that may be applicable for the correct transfer of personal data to the Company, and the Company shall not be required to take any additional action with respect to the data subjects.

## **ATTENDANCE OF A NOTARY AT THE GENERAL MEETING**

The Board of Directors has agreed to request the presence of a Notary Public to draw up the minutes of the General Shareholders' Meeting, in accordance with the provisions of Article 203.1 of the Spanish Companies Act.

**Shareholders are informed that the General Meeting is expected to be held at second call, i.e. on 27 June 2024 at 12:30 p.m. (CEST).**

From one hour prior to the start of the General Meeting and at the place where the Meeting has been convened, shareholders or their valid proxies may present their respective attendance and proxy cards and, where appropriate, documents accrediting legal representation to the staff in charge of the shareholders' register.

Please note that access to the registered office will be granted in strict order of arrival. Should maximum room capacity be reached, no further entry will be possible. For this reason, please be advised that once the maximum capacity has been reached, and access to the venue where the General Meeting is held is therefore no longer possible, it may no longer be possible to participate by remote means of communication if these have already been closed in accordance with the deadlines and procedures set out in this notice.
